

Job Title: Construction Manager

Habitat for Humanity of Lincoln builds strength, stability, self-reliance *and* shelter. We believe everyone deserves a decent place to live.

Habitat Lincoln is one of more than 1,300 local affiliates of Habitat for Humanity International. We are locally governed by a board of directors and have a growing staff. We are poised for significant growth over the next five years. We have built more than 150 homes in Lancaster County and have funded more than 130 housing solutions globally. Our Habitat ReStore is three years old and is experiencing record sales in support of our mission. Our new strategic plan calls for a 50% increase in housing production over the next three years.

Summary:

To accommodate for this growth, our organization is hiring a Construction Manager. This position, under the direction of the Operations Director, is responsible for creating and overseeing day-to-day operations of Habitat Lincoln's various construction programs, including preparation, planning, permitting, and building new construction houses and managing home rehabs. The Construction Manager has primary responsibility for engaging, managing and coordinating the on-site construction team, including future Habitat homeowners, regular construction volunteers, volunteer groups, subcontractors, vendors, inspectors, etc. The Construction manager partners with resource development, volunteer services, and homeowner services staff to employ the Habitat model.

Time Commitment: This position is full-time, exempt. Hours are Tuesday through Saturday, 7:30 a.m. to 4:30 p.m. If no Saturday work is scheduled, days worked will be Monday through Friday. Some evening work will be required.

Direct Supervisor: This position reports to the Operations Director.

Direct Reports:

- Regular construction crew (volunteers)
- Site supervisors
- Crew leaders (volunteers)
- Volunteer groups
- Subcontractors

Qualifications:

- Bachelor's or Associate's Degree in construction-related program and/or equivalent experience (at least four years of managing construction, preferably residential).
- Minimum of four years' management experience, including direct

- supervision, required
- Must be willing to undergo a background check and drug screening
- Ability to develop a construction program that ties supplies, labor (sub-contract, staff and volunteers) management, budgeting, and production schedule to meet specified construction goals.
- Valid driver's license and acceptable driving record
- Possess a general contractor's license or obtain one within six months of employment.
- Experience in negotiating with and managing subcontractors
- Experience working with planning documents, including CAD drawing of house plans, etc.
- High level of comfort driving trucks, towing trailers, and handling heavy machinery, tools and equipment.
- Basic computer skills, including proficiency in Microsoft Office, email, Internet operations, and experience using construction management software.
- Demonstrate planning and organizational skills, including the ability to anticipate tasks, set priorities, meet deadlines, and function smoothly under strict deadlines and shifting priorities.
- Strong team player with the ability to work well with people from all walks of life, including volunteers, providing exceptional customer service at all times.
- Strong interpersonal skills, including both verbal and nonverbal communication, listening skills, negotiation skills, customer service skills, problem solving skills, and assertiveness skills.
- Ability to coordinate the construction of single-family dwellings with volunteers and subcontractors; ensuring volunteers on all job sites are safe, productive and have a meaningful and rewarding experience.
- High level of proficiency with carpentry and all other aspects of residential home construction, including home repairs and rehabilitation.
- Interest in working with disadvantaged families and commitment to affordable housing
- Ability to work Tuesday through Saturday schedule, as well as occasional overtime to accomplish construction deadlines, accommodate volunteers and donors, or as asked by supervisor.
- OSHA certification a plus. Must obtain Habitat for Humanity's competent person safety training certification immediately upon hire.

Essential Responsibilities/Job Duties:

- Manage activities of home construction, including but not limited to:
 - Purchase of construction materials, tools and equipment
 - Maintain/service machines and tools
 - Schedule volunteer crew and subcontractors
 - Keep job sites clean and safe
 - Pull appropriate permits and call for inspections
 - Oversee and perform new house construction, including site preparation
 - Provide expertise, analysis, timeline and data for strategic planning, annual construction planning, and regular decision making, including specific tactics

related to construction

- Regularly collaborate with Habitat Lincoln staff and attend staff meetings to coordinate construction program, including but not limited to: volunteer acquisition and scheduling, hospitality, and homeowner sweat equity tracking
- Develop and maintain relationships necessary for the success of volunteer-based construction; attend construction committee meetings
- Work with future Habitat homeowners in activities, such as:
 - Documenting sweat equity hours on the build site to reconcile with homeownership services staff
 - Educating on routine house maintenance
 - Conducting punch list for closing with assistance from homeownership services staff
 - Conduct warranty work after closing during warranty period
- Lead volunteers, ranging from beginner to skilled, in construction tasks and organize skilled volunteers to serve as crew leaders and site supervisors where needed
- Review subcontractor and volunteer work for quality control, revise and adjust when needed
- Serve as the organization's principal safety officer on the construction sites by
 - Maintaining Habitat for Humanity International's "Competent Person" certification
 - Implementing emergency plan and use of accident reports
 - Ensuring equipment and tools are in good working condition
 - Training volunteers in safety practices
 - Monitoring volunteers to ensure safe use of tools and equipment according to age, skill level, and with regard for OSHA and Habitat regulations
- Work with administrative office staff to
 - Ensure accurate and complete job costing data
 - Create house budgets to be submitted to the Operations Director for approval
 - Solicit multiple bids for subcontractors and materials regularly
 - Submit purchase orders throughout the build project for approval
 - Review invoices for accuracy and approve for payment
 - Work within budget parameters on each project and through annual budget
- Assist in creation of long-range construction schedule, annual construction schedule, and project-specific construction schedule, from beginning to end
- Coordinate daily and weekly construction assignments with Operations Director and Volunteer Coordinator
- Assist in procuring gifts-in-kind donations of materials and services for each project
- Maintain organization and cleanliness on job sites and in storage areas, including the construction warehouse and vehicles; maintain inventory of

materials, tools and equipment; maintain functionality of tools and equipment; perform annual audit of inventory to be submitted to Operations Director and construction committee

- Assist with maintaining administrative office and ReStore facilities for routine upkeep and special projects.
- Support the mission of Habitat Lincoln, including leading a welcome, devotion, and safety demonstration at the beginning of each build day
- Other duties as assigned by Executive Director and Operations Director

Physical Demands:

While performing duties of the job, the employee is regularly required to stand, walk, use hands to finger, handle, or feel and reach with hands and arms. The employee is frequently required to talk or hear. The employee is occasionally required to sit, climb or balance and stoop, kneel, crouch, or crawl. The employee must regularly lift and/or move up to 50 pounds; frequently lift and/or move up to 75 pounds; and lift and/or move to 100 pounds unassisted. The employee is frequently required to lift up to 50 pounds to the height of approximately 4 feet. The employee must be able to work effectively from extension ladders and scaffolding, as well as at significant heights, including roofs.

Working Conditions:

Exposure to extreme temperatures, loud noises and other various adverse working conditions associated with outdoor and construction work.

NOTE: The above list of duties, while specific to the position, is not exhaustive; it is possible that responsibilities may change or increase as deemed necessary to accomplish tasks and goals. This is not an employment contract.

Salary: \$55,000 annually

Benefits: Medical insurance coverage (Habitat pays 75% of the premium for the employee; coverage is available for dependents at full cost to the employee); 401(k) match; paid time off (PTO); paid holidays; ReStore discount, Dental, vision, short and long term disability and life insurance.
